Stand: Februar 2023

Allgemeines:

Universidad Austral is a private, non-profit university with a young yet thriving history. The IAE Business School opened its doors in the late 70's but the University per se was born in 1991 with the creation of several other Schools: Communication, Law, Management, Biomedical Sciences, Engineering and Education. The University is locally accredited and some Schools are internationally accredited as well. In just a few years, Austral has become a renowned institution in the country and in the Region. It is considered the second best university in Argentina, and it is among the top-20 Latin American higher education institutions.
