Stand: Oktober 2017

<b>Allgemeines:</b>	KEA Copenhagen School of Design and Technology is an academy of higher education which offers over 30 different degree programs at Bachelor (BA) and Academy Professional (AP) levels. At KEA we offer higher education that combines theory with practice. We have a close cooperation with businesses and educational institutions in Denmark and abroad. We offer a wide range of programs in English within the fields of Design, Digital, Build and Tech. We have students from more than 70 different nations and plan to increase the number of incoming students even further.
