KADIR HAS
UNIVERSITY

Stand: Januar 2022

Allgemeines:

The founder of Kadir Has University, the late Mr Kadir Has, dedicated his life to education. The founding of our institution grew out of his personal philosophy: "I will strive to do and be the best for my country." In keeping with this motto, our purpose is to facilitate the education, development and prosperity of today's youth by means of innovative research and academic teaching that inspires democratic thinking and practice. We believe that education can fortify our students, as it did earlier generations, to meet the tests of their own time. Kadir Has University is located on the grounds of the Historical Tobacco Factory, renovated and transformed to the Cibali Campus in 1997. Campus is building a future out of the country's past in the heart of Istanbul where culture, education and scientific research meet the changing needs of Turkey and the world.
